Senator Davis, of Arkansas turns up again in the Senate and makes a violent attack on former Secretary of the Interior Hitchcock in reference to the division of the Indian tribal lands ——In the House yesterday a petition signed by 166 democrats was presented to the speaker asking—that the Stevens bill providing for free wood pulp might be brought before the House for consideration. Mr. John Sharp Williams made a humorous speech urging that at least thirty republicans sign the petition, which would make a majority of the House in favor of the bill——Mr. Norris yesterday continued his testimony before the House special committee investigating the paper trust——The Steamer Ravenscraig goes ashore in a fog on the Rhode Island shore, but pulls off without assistance and proceeds on her way——The bill for the relief of those negroes who lost by the failure of the Freedmen's bank has passed the Senate and been favorably reported by the House Committee on Banking and Currency——Appeals for food and clothing continue to arrive at New Orleans from some of the storm ridden sections——The Vermont Republicans send an uninstructed delegation to the Chicago convention. The Durham Herald is candid. It says it may not be doing all it can for its candidates, but it is doing all it expects to do.

Wonder how the many thousand descendants of Pocahontas in Virginia can stand a party of Tar Heel amateurs presenting the opera of Powhatan?

It looks like that congressional committee is trying harder to convict Mr. Lilley of something or other than to find out whether or not there is any truth in his charges.

We do not hear so much from Mr. Kitchin these days about his certainty of being nominated on the first ballot. He has recently found out that there are two other candidates in the field.

The Horne horn seems to be blowing automatically these days requiring no waste of wind on his part to keep it successfully sounding the rally around the standard of the people's candidate.

The Charlotte people have tasted blood and now their thirst for public gatherings is insatiable. We see from the News that they are going to make a desperate effort to secure the Democratic convention of that Congressional district.

If Mr. Thomas Settle does introduce an anti-prohibition resolution in the State convention at Greensboro today, as he says he will do, the Charlotte Observer will prove to be right in its prediction that the convention will be worth attending even if admission were charged.

Some Democrats claim that Mr. Roosevelt would be the easiest of them all for Mr. Bryan to defeat and some say he would be his strongest opponent the Republicans could nominate. But both agree that the President ought not to violate the third term rule. We should think the former class would be anxious for him to do so.

No wonder politics of the present day is so badly mixed, if all the charges of political larceny are true. Democrats have for some time been charging Republicans with stealing their principles, and the Populists charge the Democrats with the larceny of theirs and now come the Prohibitionists who make similar accusations against the Democrats. No wonder the question is so often asked now aday: What is a Democrat?

ITS TWELFTH YEAR

Annual Commencement Exercises This Week at James Sprunt Institute, Kenansville, N.C.

ORATION BY DR. B. F. DIXON

Senior Class and Subject of Their Essays—Diplomas Awarded to Graduates—Large Number of Visitors Present.

(Special Star Correspondence.)

Kenansville, N. C., April 28.—The exercises of the 12th annual commencement of the James Sprunt Institute began on Sunday with the annual sermon by Rev. J. C. Garth, of Newbern, N. C. The services were held in the Grove Presbyterian Church, where the faculty and students assembled, together with a large congregation from the surrounding country.

Yesterday afternoon at 4 o'clock the Art exhibit of the Institute was displayed in the chapel and Miss Laura Lenoir, the head of this department, through this exhibit, convinced all present of the remarkable progress in her work during the year. About 35 pictures in oil and crayon were much admired by those present.

Senior Class Night.

Last night at 8:30 the graduating class entertained a large audience with their essays, interspersed with music. The graduating class and the subjects of their essays are as follows: Miss Eleanor Cooper, "The Americans—Wits or Wags"; Miss Catherine Ferrell, "Educational Needs of North Carolina"; Miss Catherine Hawes, "Woman and Philanthropy"; Miss Sallie Peirce, "Superstitions"; Miss Mattie May Pridgen, "Is the American Home Passin?" Miss Ella Quinn, "Life and Works of Thomas Nelson Page"; It is generally admitted that the exercises of the Senior Class were far superior to any preceeding exercises of this kind, which is the result of the efforts both of the faculty and students to raise the standard of the Institute, which is now among the leading colleges of the State.

Commencement Day.

The exercises of Commencement Day proper began this morning at 11 o'clock with the annual oration, which was delivered by Dr. B. F. Dixon, State Auditor, of Raleigh. A large audience greeted the speaker who is so well known throughout the State as one of her most brilliant orators, and his oration was listened to with profound attention and was greeted with frequent applause. Dr. Dixon's familiarity with education in the State and especially the education of young women fits him well for occasions of this kind and he could be appreciated no more anywhere than in Kenansville.

After the speech by Dr. Dixon, the diplomas were delivered to the members of the graduating class by Mr. J. O. Carr, president of the Board of Trustees and the bibles were presented by Rev. W. M. Shaw, of Kenansville.

A course in business has only recently been established at the Institute under the management of Miss Kathleen Williams and certificates were issued to the following in this department: Miss Lucy Gaylor, of Wilmington; Miss R. D. Marsden, Bolton, and Miss Florence Teachey, of Rose Hill.

Visiting Guests.

Among the visitors attending commencement from a distance are the following: Mr. and Mrs. W. M. Carter and Mr. Lewis Conner, Wilson; Dr. L. B. Evans and Hon. Geo. H. Currie, Clarkton; Mr. and Mrs. David Ray, Mr. and Mrs. J. O. Carr, Dr. J. G. Murphy, Miss Theresa Parsley, Miss Bella Lawther, and Miss Annie Kelly and Rev. J. M. Wells, Wilmington; Hon. J. A. Brown and wife, Chadbourn; Messrs. A. L. Council and W. R. Nye, Wananish; Mr. E. B. Murphy and Mrs. E. A. Hawes, Atkinson; Misses Nell DeVane and Kate Hicks, Mrs. B. Witherington, Mrs. M. H. Johnson and Miss Floy Johnson and Mr. Roy Hines, of Faison; Miss Mamie Noel, sister of Gov. E. F. Noel, of Lexington, Miss.; Dr. B. F. Dixon, Raleigh, and Rev. J. A. Garth, Newbern.

THE LAYMEN'S MOVEMENT

Final Meeting of Executive Committee at Office of Chairman Next Tuesday—Some of the Great Work.

A meeting of the executive committee of the forthcoming conference in furtherance of the Laymen's Missionary Movement in this city is called to be held on Tuesday afternoon at 4 o'clock at the office of the chairman, Mr. H. W. Malloy, on Water street.

At this meeting the committee hopes to have all the information necessary to issue the invitations, publish the statistics and make final arrangements for the meeting to be held in this city. Members of the committee are Mr. H. W. Malloy, chairman; Messrs. Geo. H. James, Wm. E. Springer, D. L. Gore, C. W. Worth and Anson Alligood. An interesting insight into this great movement is given by the Rev. Dr. W. W. Pinson, of Nashville, Tenn., upon the occasion of the recent great meeting in Chattanooga. He said in speaking of the distinguished body of men in the city at that time:

"They come together at the call of a great cause. They belong to the age of great enterprises, an age when men dare great things. They are also representatives of what may be called the get-together spirit, and these men are getting together to do the greatest thing men ever dared to undertake.

"Whatever one may think of the cause of missions he must realize that it is the most heroic thing and represents the most optimistic spirit of which the world knows anything. Its track through the centuries has been marked by the blood and lighted by the spirit of the noblest souls who have ever trod the earth. A cause that could command the service unto the death of such men as Carey and Livingstone and Paton and Hudson Taylor and Moffatt and men of that ilk is not by any to be thought lightly of. It is a cause to appeal to men who love their fellows, to men who are moved by great motives and inspired by great ideals. It is this cause which has brought to Chattanooga one of the most representative bodies of men that ever assembled in the southland. Larger bodies of young people and mixed assemblies have gathered here, but none of such picked and choice personnel as the one we now have the honor to entertain.

"This movement is a year and a half old, yet in that short time it has become interdenominational, and also international. It has bound into a brotherhood the laymen of England and America, the two great Anglo-Saxon nations. These two nations contribute 85 per cent. of all the missionary money contributed by the Protestants of the world. It has also invaded every Protestant denomination and stirred the hearts of laymen of all faiths. This movement is distinctively a missionary movement, using the term missionary in its broadest sense. It is not meant to supplant or interfere with other organizations of the church, but to carry into all church organizations missionary education and inspiration. These laymen are loyal to the constituted authority of their churches, and work in harmony with their boards and committees.

"This movement is a part of the general movement in all the churches, the laymen of each church operating within their own denomination. It is a hopeful sign when busy laymen will quit their business and pay their own expenses to join in a meeting, of which the sole business is to devise ways to help the needy and benighted peoples of the earth. It indicates the strength of the altruistic spirit in the modern church, and is an answer to those who would lightly criticise the church as inert and indiferent."

THE UNIVERSITY GLEE CLUB.

College Airs, Cheers and Songs With Orchestra Music Tonight.

In the appearance of the University of North Carolina Orchestra and Glee Club in this city tonight at the Academy, Wilmington folks will be furnished with a musicale of high order. But even beyond this the concert will be interesting on account of being presented by Tar Heels, and those from the beloved University of the State. The tour is a brief one and Wilmington should feel honored by a visit from the club, and the folks of the city should show their deep appreciation by turning out en masse to greet the collegians. The club, as its title denotes, is a fine combination of singers and musicians and it is said that the orchestra is a big and delightful feature. The programme being presented is a popular one.

Tickets for the concert are on sale at Plummer's and indications point to a large sale, as there should be. The prices have been made as low as possible, 50 and 75 cents.

Inspecting the Public Schools.

Mr. James H. Chadbourn, chairman of City Public School Committee No. 2, has returned from a very pleasant visit of several days to Charlotte and Greensboro during which he inspected the public school systems of those cities and gained many ideas which he will probably suggest for Wilmington, according to the papers of those cities. Recently Mr. Chadbourn also inspected the Washington City Schools. On his trip to Charlotte he was accompanied by Mrs. Chadbourn and they were shown a number of social attentions there.

TO WAGE CAMPAIGN

Prohibition Leaders in Raleigh Will Continue With Some Additional Speakers.

NEWS NOTES OF RALEIGH

Daughters of Liberty Elect Officers—Coast Defense Companies at Fort Caswell—Ball Player Signed—In Court.

(Special Star Correspondence.)

Raleigh, N. C., April 29.—At a conference of the executive committee of the State Prohibition campaign, State Chairman Oates reported that all counties except seven are actively organized and these will be organized during the week.

The roports from counties shows, he says, that good majorities for prohibition will be returned from nearly all of them, the lowest calculation being that the State majority for prohibition will be 25,000.

He says a "whirlwind" campaign will characterize the last weeks of the contest in that besides Governor Glenn and all the living ex-Governors and 2,000 citizens on the stump for prohibition, there will be a number of the most distinguished prohibition workers of the South, including Hon. Seaborn Wright, of Georgia; Dr. Young, who made the great fight in Oklahoma; Rev. George Stuart and others.

The campaign committee is at an immense expense for the campaign work and it will be necessary to call on the churches of the State for contributions in this direction. Already the committee in charge of the campaign is considerably in debt and the friends of prohibition will have to rally to the support of the organization.

The State Council, Daughters of Liberty, in session here today selected Greensboro as the next place of meeting and elected officers as follows: State Councilor, George O. Kluttz, Salisbury; Vice Councilor, A. W. Cole, Burlington; Associate Vice Councilor, Miss Viola Barrow, Raleigh; Secretary, W. A. Fogleman, Salisbury; Assistant Secretary, Miss Queen Ingle; Treasurer, W. D. Phillips, Spray; Assistant Treasurer, Miss Delphia Debbs, Guide, Mrs. Geo. A Kluttz, Salisbury; Guards, A. B. Cleaver and G. O. Kelly, Cornelius; Grand Representatives, John F. Reynolds, Winston-Salem; W. A. Fogleman, Salisbury; W. D. Phillips, Spray. The State Council has had quite a large attendance and reports show the order in flourishing condition. A local council was formed here last night with thirty-odd members.

For the coast defense drills for selected companies of the North Carolina National Guard to be provided by the United States Government at Fort Caswell during the first week in June, the following companies have been designated:

First Infantry—Company B, Salisbury; Company D, Charlotte.

Second Infantry—Company B, Kinston; Company C, Wilmington; Company D, Goldsboro; Company E, Goldsboro; Company G, Washington; Company H, Clinton; Company I, Edenton.

Third Infantry—Company A, Lexington; Company B, Raleigh; Company C, Henderson; Company L, Greensboro; Company M, Sanford, and the Third Regiment Band. There is to be one other company not yet designated.

Deputy Revenue Collectors Merritt and Poole destroyed a blockade distillery of 150 gallons capacity and arrested two negroes operating it last night near LaGrange. A large quantity of beer and other supplies were destroyed. The prisoners were carried to Goldsboro.

Gordon (Pap) Harris was signed today by Manager Kelly as pitcher on the Raleigh team for the Eastern Carolina baseball league. Harris is the star player on the A. & M. team this season. Kelly says there are six good pitchers among the thirteen men he has signed. It is understood that considerable complaint is being made by players at the lateness of the season in that it does not open until June 9th and then closes in August instead of September. This is thought to be operating against the league in securing the best players.

Information comes to the State Department of Insurance that a number of mutual insurance companies are attempting to do business with hardware dealers in various parts of the State in a special line of insurance through correspondence to avoid the State tax and other insurance regulations. Commissioner Young wants it clearly understood that no policies issued under such conditions would be valid.

An order is made by Judge Thomas R. Purnell to the effect that the May term of Raleigh United States Circuit and District court convene on May 27th instead of May 26th, the regular time. This change is in order that members of the court, jurors, witnesses and others may remain at home May 26th and vote in the State prohibition election if they so desire.

The report of the referee in the W. W. Mills Company bankruptcy case has been approved by Judge Purnell in the United States District court in

MARRIED LAST EVENING

Miss Rosa Anne Davis Bride of Mr. John D. Woody in Pretty Ceremony Performed at Home of Mr. W. H. McEachern.

The home of Mr. W. H. McEachern, No. 322 South Fifth street, was thronged with friends and relatives of the young people to a pretty marriage ceremony at 8:30 o'clock yesterday evening when Miss Rosa Anne Davis, a most attractive young woman of this city, a daughter of Mr. and Mrs. Daniel C. Davis, of Greenville Sound, was led to the altar by Mr. John D. Woody and they were made man and wife in a pretty and very impressive ceremony performed by the Rev. Fred D. Hale, D. D., pastor of the First Baptist Church.

The parlors of the home were very prettily decorated with plants and flowers, but according to the wishes of both the bride and groom the wedding was of a very quiet nature. The bride was attended as maid of honor by her sister, Miss Lillian Davis, and little Misses Edna and Lillian McEachern were the attractive flower children. The groom was attended as best man by his brother, Thos. K. Woody, Esq., of the Wilmington bar, and the ceremony took place at an improvised altar around which the bridal party assembled as the solemn words were spoken by the pastor.

The bride wore a becoming gown of Copenhagen blue silk and carried a lovely bouquet of American beauty roses. The maid of honor's toilette was white organdie trimmed with lace and she carried red and white carnations. After the ceremony Mr. and Mrs. Woody received the happy congratulations of numerous friends at a reception given in their honor.

The bride is a young woman of charming personality and has a great many friends here and elsewhere who will be pleased to receive her as Mrs. Woody. The groom is a son of Mrs. Mary E. Woody, and the late John D. Woody, of Greenville Sound, and is a very prosperous and prominent young truck grower of the county. The bride and groom will make their home on Greenville Sound.

AFFAIRS OF THE PYTHIANS.

Supreme Master of Exchequer Back From Extended Trip North.

Capt. T. D. Meares, of this city, Supreme Master of Exchequer of the Supreme Lodge, Knights of Pythias, returned yesterday from an extended trip North, where he went on business connected with the affairs of the order in the United States. On his way up he stopped in Charlotte and met with the State Grand Lodge Orphanage Committee, which has under consideration the establishment of an orphan's home. The matter was recently referred to the subordinate lodges for certain data as to the need of an orphanage in the State and with this information attached, the committee has made up its report to the Grand Lodge which meets in Raleigh in June.

Continuing his trip North, Mr. Meares stopped in both Philadelphia and Wilmington, Del., where he was on business connected with the Supreme Lodge. Mr. Meares speaks interestingly of the political situation in Delaware and says that the friends of Judge Gray are still quite active for their candidate for the presidency. As an evidence of the Gray sentiment in the State which he visited, Capt. Meares returned quite generously bedecked with campaign buttons bearing a splendid likeness of Delaware's "favorite son" and much literature telling of his distinguished service to his country.

WED IN SAINT PAUL'S

Pretty Church Wedding Yesterday Joins Popular Wilmington Young People.

MANY FRIENDS ATTENDED

Miss Amoret Wootten, Attractive Bride of Mr. William A. Davis—Bridal Tour of Six Weeks North—Ceremony.

An event of much interest and pleasure to the large number of their friends here and elsewhere was the marriage of Miss Amoret Wootten and Mr. William Arnold Davis at six o'clock yesterday evening in Saint Paul's Episcopal Church, Fourth and Orange streets.

On account of the prominence and popularity of the young people to the marriage vows, the church was thronged with admiring friends and relatives and the wedding is pronounced by quite everyone in attendance as one of the prettiest of the season in Wilmington. The altar was banked with palms, ferns and other evergreens and softly lighted from many wax tapers which burned from handsomely burnished candelabra. The decorations were very prettily executed under the direction of Miss Lena Beery, a friend of the bride, and were indeed a beautiful setting for an event fraught with so much interest for the young people.

The bride was attended as maid of honor by her sister, Miss Anna Wootten, and her bridesmaids were Misses Margaret Nash, Mary Davis, a sister of the groom; Maria Mafitt and Harriet French, while pretty little Miss Rosalie Burbank was most charming as the flower girl. The groom was attended as best man by his friend, Mr. Will L. Moore and the groomsmen were Messrs. Guy R. Davis, a brother of the groom; Eugene LeGrand, Hal Boatwright and George Diebert. The groom entered to join the bride from the vestry room, while other members of the wedding party entered down the main aisle of the church, forming a pretty grouping at the altar where the beautiful Episcopal service as spoken by the bride's father, the Rev. Edward Wootten, assisted by Rev. Alexander W. Seabrease, rector of the parish, made the couple man and wife. The wedding party retired from the church in reverse order from that in which they came and every arrangement for the ceremony was carried out perfectly.

The bride was pretty in a gown of radium silk over taffeta, her veil caught with orange blossoms. She carried a lovely bouquet of bride's roses. The maid of honor and bridesmaids wore becoming costumes of white and carried jonquils, the color scheme of the wedding being white and yellow and this having been carried out with pretty effect. Immediately following the ceremony, a brief reception was given at the home of the bride's parents, Rev. and Mrs. Edward Wootten, No. 11 South Third street, where the young people received the happiest felicitations of their many friends and where numerous very handsome presents gave evidence of the very high esteem in which they are held here and elsewhere. Later Mr. and Mrs. Davis left on the 7 o'clock northbound Atlantic Coast Line train for a bridal tour North. They will visit several places of interest, including the groom's former home in New York State. Returning to the city about July 1st, they will be at home in this city and will be most cordially welcomed by their friends.

The bride is one of Wilmington's most attractive young women and is much loved and admired for her charming disposition and delightful manner. The groom is a popular young business man of Wilmington and holds a responsible position with the large cotton exporting house of Messrs. Alexander Sprunt & Son. Both have the best wishes of a great many friends for their future happiness and prosperity.

TO LAY PAVEMENT.

Contract Awarded to B. H. Stephens For Walk Around City Hall.

The Public Building Committee of the Board of Aldermen met Tuesday night and seven bids were opened for laying the concrete sidewalk around the City Hall and the approach to the Academy of Music entrance, which is municipal property. The successful bidder was Mr. B. H. Stephens, the well known architect and engineer, on a cash plus a fixed sum basis, and he expects to begin work early next week. Chairman Jewell stated yesterday that the flag-stone now used as a walk around the public building would probably be transferred to some other street on which city property abuts. The grading of the sidewalk to the proper street level will be by the city street force. The work will be completed at as an early a date as possible. It has long been needed.

OF IMPORTANCE TO VOTERS.

There are two very important matters to which we wish to call the attention of the electors of New Hanover county who wish to take part in the prohibition election on May 26, in the primary election for nomination of county candidates and in the general election in November next for state and county officers and for presidentical electors. These two things are proper registration and the payment of toll tax within the prescribed time as declared by the State Constitution.

As to the payment of poll tax. The constitution of the State declares that in order to qualify himself as a voter every man liable to a poll tax must have paid that tax for the preceding year on or before the First of May preceding the election. The same rule under the new legalized primary law makes the same provision apply to primary elections for nominating party candidates wherever such primaries have been ordered. Such primary by the democratic party is to be held in this county.

Therefore, under the constitution and the laws of this State no man liable for poll tax, who has not paid that tax by the close of tomorrow can vote in the democratic primary to be held on the 1th of May to nominate democratic candidates for the legislature and for county offices, nor in the prohibition election on May 26th nor in the general election in November next. In other words every man who is liable to poll tax who has not paid the same by the close of the day tomorrow will have disfranchised himself as far as these three elections are concerned and will have debarred himself from participation in any one of them and in all of them.

We understand that there are quite a large number of white men in this county who are liable for this tax who have not yet paid it. Among these we know there are a great many who do not wish to be deprived of their right to vote at either the primary or at the two elections, but they will be unless they pay their tax today or tomorrow. To these we say, go to see the sheriff today; do not put it off till tomorrow. You have already run too narrow a margin in being deprived of your right to vote. If you do not attend to it today something may happen to prevent your doing so tomorrow, and then you will for this year be deprived of your privileges of saying who you want your party candidates for county officers to be and of casting your ballot for or against prohibition and for the candidates for State and county officers next fall. Don't neglect this matter. A great deal may depend on what you do in this matter. From up-State comes news that there are in the various counties a great many men who have not paid their poll tax. Unless this is corrected in the next two days the democrats will lose thousands of votes in the State. The Democratic party wants every vote it can get this year and, therefore, it is the duty of every democrat to see that he qualifies himself to vote

The other matter of importance is that of proper registration. Every voter should see that his name is on the "election" registration book as well as on the "primary" registration book. Bear in mind that a man who registers for and votes in the primary cannot vote in the election unless his name is also properly on the election registration book. These two registrations are entirely separate and distinct. Registration for the former does not carry the right to vote in the election. It is true that no new registration for the latter has been ordered, but there are, as we have found, a number of persons who registered for and voted in the primaries who did not vote in the election and whose names are not on the latter registration books. At every election men are turned away from the polls who "thought" they had properly qualified themselves by registration, but who had failed to observe the difference and consequently to register for the election as well as for the primary.

Another precaution—those who have had their names on the election registration books and who have moved from one voting precinct to another should observe the law strictly in regard to this matter. If they have made the change of residence in less than four months prior to the election they vote in the precinct of former residence. If it has been more than four months a certificate must be secured from the registrar in the former precinct that the name has been erased from his book and on this certificate registration must be made in the precinct of new residence.

All men who wish to vote should attend to these important matters.

A SUGGESTION TO THE MAYOR.

Would not it be well for the city authorities to require all vehicles using the streets of the city after ordinary bed-time hours, especially in the residential section, to be driven at moderate rate of speed so as not to disturb citizens who are trying to get a night's rest to fortify them for the duties and labors of the coming day? We throw this out as a hint to our worthy Mayor and efficient chief of police. There is no use or sense in driving carriages at top speed on the streets in the small hours of the night when there is no reason for extra time. There is a city ordinance regulating the speed of vehicles on the streets of the city. There should be a graduation of that speed limit to correspond with the hours of the night. A certain rate of speed during the day or in the early hours of the night is not so disturbing to dwellers along the streets as is the same at a much later hour. If there is no grading of such speed of driving according to time of night, there should be for the peace and comfort of many of our citizens. We have an idea, however, that the general limit of speed is often passed in the small hours of the night on some streets.

We suggest to the Mayor that he look into this matter and if he finds we are correct in the statement that he put some of his mounted policemen on those streets where this fast driving is alleged to occur almost nightly, and instruct them to make arrests for violation of the city ordinance whenever it occurs. If a few of the drivers of such carriages and their occupants are arrested and hauled before the Mayor for violation of this ordinance, the annoyance to our citizens would cease.

Think about this Mayor Springer. Isn't it a god suggestion? We know many of our citizens think it is.

A BASE CHARGE.

The Catawba County Republicans, in county convention a few days ago adopted a resolution declaring that "we resent the sending into our midst of emissaries for the purpose of purchasing delegates to the National convention."

Commenting on this resolution the News and Observer says:

"The indignation was doubtless due to the fact that the emissaries were trying to beat down the market price that has prevailed since 1868. No wonder the convention resented panic prices. It was a gross insult that called for formal resolutions. A delegate should be as valuable under a Roosevelt panic as when Alger and Sherman competed in buying them on the hoof. No wonder the Catawba Republicans got mad. It is natural indignation."

Could not the News and Observer give credit to these white men of Catawba county—Republicans in politics though they be—for being honest in their declaration of indignation at an attempt to buy up delegates to the Republican convention? Are the sturdy white farmers of Catawba more venal and less honest than their brethren of the Anglo-Saxon race in other sections of the State? Why should the News and Observer single out white citizens of Catawba county and brand them with such infamy? Because a hard working industrious farmer of Catawba county happens to differ in politics with the editor of the News and Observer is that any reason why the latter should brand him in the columns of his paper as putting up his vote for sale and being ready to sell his allegiance to party aspirants to the highest bidder?

Have you paid your poll tax for last year—that is the tax due last fall? If you have not and do not do so today or tomorrow you cannot vote in the Democratic county primary, or in the prohibition election or in the general election next fall.

CURRENT COMMENT.

—The Hungarian artist who painted the President claims that the President told him he would be forgotten in six or seven years. The Ananias club, nature fakirs, and undesirable citizens will remember him seven times seven years if they live long enough.—Tarboro Southerner.

—We don't know how to thank China sufficiently for giving us baek Mr. Wu unless the United States should in return favor China with Col. John Temple Graves as minister at Peking. Then the Celestial Empire would be filled with melody befitting its name, but the trouble is that we can't spare the colonel from this country even as a swap for Mr. Wu.—Charlotte Observer.

—We newspaper people keep lambasting Congress for its failure to remove the duty on wood pulp and print paper and wonder why it is not done. As a matter of fact it is as plain as daylight—to remove this duty is opening the door and acknowledging in great part the iniquity of the tariff. Our Republican statesmen do not want to acknowledge the corn and they are not going to do it until they get knocked down, run over and mashed flat.—Greensboro Record.

—While the steel trust persists in maintaining the prices of its products at home, it continues to lower them abroad in order to successfully meet foreign competition. This competition, it is reported, has now become so keen owing to the business depression obtaining in Europe as well as in the United States, that sales can be effected only by selling close to cost of production and delivery. Verily, this is an illuminating object lesson of whom protection protects. Output is curtailed, labor is thrown out of employment, domestic development is hampered and the home consumer is burdened, while the foreign user of steel and iron products reaps the benefit. But what of all that? Library Carnegie is still able to put up steel trust cash for books and buildings.—Raleigh Times.

—Mr. James Chadbourn, one of Wilmington's most progressive citizens, who was in the city yesterday, reports that the work of dredging the Cape Fear for a 24-foot channel is steadily in progress, which is so much the better. The more dredging done now, the less there will have to be done when the work of dredging for a 30-foot channel is begun. It had been hardly expected that the bill appropriating the money for this deep channel would get through the present session of Congress. The progress of a special appropriation bill is slow at best, and it is especially slow when battleships and other big things are ahead of it. That the appropriation will be made, and that quite soon, there can be no doubt, for the importance of the project to the port of Wilmington and to the entire State of North Carolina has been forcibly impressed upon Congress. The Chronicle believes that by the time the Panama Canal is opened, the Cape Fear between Wilmington and the sea will be floating vessels with a tonnage adapted to the accommodation of a 30-foot channel. It not only believes in that accomplishment, but intends to work for it.—Charlotte Chronicle.

—Some weeks ago, when the negro President of Hayti got rid of a number of his enemies by summarily dragging them from their homes in the night and shooting them to death, the world at large was horrified and the sentiment was unanimous that Hayti was fast relapsing into barbarism. It was pointed out that in no modern country, not even in Russia, can people be summarily executed without the forms of law at least. Bad as was the exhibition of barbarity by Hayti, the recent summary execution of eighteen persons suspected of a revolutionary plot against President Cabrera. of Guatemala, was even worse. Whether or not there was an actual revolution or conspiracy is an open question, but President Cabrera was taking no chances, and accordingly caused the summary execution of the alleged conspirators. It is about time that this barbarous disregard for human life should cease in Central America, and that people suspected of conspiracy or crime be impartially tried and the proper punishment fixed by law should be meted out to the culprits. Such acts as that which has recently disgraced Guatemala should be impossible in this twentieth century.—New Orleans Picayune.

STATE PAWNSHOPS.

French Rate Is 7 Per Cent—Sometimes No Interest Is Charged.

With none of the timidity or hesitation or the shamefaced aspect of our user of pawnshops does the Parisian perform his journey to the money lender. Far from feeling, after the door has closed behind him, that he is in the country of the enemy, the Frenchman can have his patriotic ardor at its highest, for over the pawnshop flies the tricolor of France instead of the gilded balls, and the guard at the door is a helmeted, white gloved republican guard. The customary whispering as the borrower exchanges goods for cash is unknown. Borrowing is a business transaction with the government.

It is not out of appreciation of these conditions, of course, that 7,000 people daily visit the municipal pawnshops, but their business trip includes a knowledge of the fact that whatever profits will accrue to the establishments will finally go back to the people.

There is no haggling, says a writer in the Philadelphia Record. On jewelry four-fifths of the value of the object can be secured; on the other articles two-thirds. The interest is 7 per cent per annum. Should a borrower be in the unfortunate position of having paid interest for many years without being able to release the article the authorities will return it. When interest has not been paid the object in question goes to the auction, and then the righteousness of Paris pawnbroking is decidedly in evidence, for after the sale has been consummated and the original loan and interest are deducted from the money secured by the sale the surplus goes to the borrower. Should the money remain unclaimed it is turned over to the Paris hospitals, and, curiously enough, these hospitals profit to the extent of 100,000 francs a year.

When one has made a study of French pawnbroking laws it is easily seen that the first object served by these laws is to protect people who want immediate money advantages. France (and we may say France, for municipal pawnbroking is to be found in every corner of the country) cares little that many transactions are carried on at a loss. In one year of some 2,000,000 pawned articles in Paris 1,000,000 were effected at a loss, since no auction will bring a complete return on small objects. Of course this is offset by the return from loans on the other million articles, but should there be a deficiency the municipality has no hesitation in going down in its pockets and thus has an indirect mode of taxing the well to do to support the needy. Since no country has raised a cry against charity, this, as one form of it, can be passed without criticism. The fact is, money is lost on all loans under 20 francs.

The capital of the pawnshops consists of legacies, gifts and subventions of the state, department or the commune. Occasionally, as at Grenoble and Montpellier, the establishments are so well endowed that no interest is charged. Paris, for no unfathomable reasons, does the largest pawnbroking business on the continent, 34,000,000 francs being the average yearly pledges and 30,000,000 francs redeemed. The total revenue is 4,000,000 francs, the expense of management 1,500,000 francs, the interest on capital about 1,500,000 francs and the net profits 150,000 francs.

WIFE OR CHILD, WHICH?

An Ingenious Problem With Two Interesting Equations.

Some time ago George was bragging about never having told a lie, and he said he never would. An Irishman, hearing the assertion, made a wager with George that he could make him tell a lie in two minutes.

So Pat began: "Supposing you and your little child and her friend were out in a boat for a row; the boat suddenly capsized, and you were all thrown into the water. Now, which child would you save?" asked Pat.

"Well," answered George, "under the circumstances I should save my own in preference to any one else's child."

"Very good," answered Pat. "Now, suppose you and your wife and child were out for a row and the boat again capsized. Now, which of them would you save, your wife or your child?"

After a thoughtful pause, George answered that he would save his wife.

"There you are," cried Pat. "You said at first that you would rather save your child in preference to any one else's, but now you say that you would save your wife, who is somebody else's child."—Pearson's Weekly.

MONITOR AND MERRIMAC.

Big Spectacular Production at Academy Beginning Saturday Afternoon

In the offering of a reproduction of the fight between the Monitor and Merrimac the Academy affords something instructive as well as interesting. The exhibition will be given at the local theatre for four days, commencing with matinee performances Saturday afternoon at 2:30 and 4:15 o'clock. The prices will be 10 and 20 cents for matinee and 10, 20 and 30 cents for night. Of the exhibition the Charlotte News last week said:

"Several hundred people, including numbers of veterans, witnessed the famous battle of the Monitor and the Merrimac at the Academy of Music last night, in panoramic views. The thrilling encounter between these two iron-clad monsters of the sea, it will be recalled by older residents, took place in 1862 off the historic waters of Hampton Roads. The sinking of the Cumberland and the subsequent burning of the Federal battleship Congress, were cleverly depicted amid flashes of lightning, the roar of big guns and the raging storm which was then in progress. The performance was very entertaining and instructive as well as educational."

THE WILMINGTON TEAM

Eight of Twelve Players Signed for Eastern Carolina League.

Manager Shannon, of the Wilmington team in the Eastern Carolina Baseball League, writes from the North where he is in quest of players, that he has signed thus far eight men and will attach a third baseman and three outfielders within the next few days. Among the men signed are Ray Webster, a southpaw of Buffalo; John McDonough, catcher, of Buffalo; Frank Connell, second baseman from the Connecticutt League; Pitcher Johnson, who has just secured his release from the Portsmouth, Va., team on account of "excess baggage;" McDonald, a catcher and firht baseman; Lowther, a giant from the Georgia League and a slab artist highly recommended by "Scotch" Sinclair, of Waycross, and Manager Shannon himself, who will play short stop. The team will report May 15th and will go to Fort Caswell for five day's practice with the soldier team after which the two teams will return for three games here on the local grounds. The baseball management is confident of a winning team and will spare no time in getting the men on the field for practice.

THE RUNABOUT RACES

Increasing Interest in Forthcoming Meet at Wrightsville Beach.

Six automobiles have been entered for the lightweight runabout class the prize for which is a handsome cup now on exhibition in Honnet's window. So much interest has been aroused over this event that a number of side bets have already been made on the event between the individual owners of cars. The promoters of the races are now endeavoring to provide for a motor cycle event in addition to the automobile races, and the Honnet Jewelry Company have generously donated a prize for this purpose.

A good deal has been reported in regard to the speed of some of the motor cycles about town and an unfavorable comparison made with the automobiles as to speed. It is probable that several impromptu races will be pulled off between these two types.

The first heat of the 2-mile automobile races will be started at 3 o'clock sharp, and other events as rapidly as possible in order to take advantage of the tide. Mr. Burke Bridgers has consented to act as judge and Mr. Raymond Hunt as time keeper.

WEATHER AND TRUCKING CROPS.

Lower Temperature Checks Berries—Cut Worms Appear.

The lower temperatures of Tuesday night and yesterday have had the effect of checking the ripening of strawberries and the shipments yesterday are said to have shown a very decided falling off. The official report of the movement out of the berry territory will come tonight from the junction office at South Rocky Mount. Yesterday only 42 car loads were handled against 100 the day before. The distribution from Rocky Mount yesterday was as follows: New York 10; Philadelphia nine; Boston five; Utica and Pittsburg, four each; Newark and Albany, two each; and one each to Syracuse, Worcester, North Adams, Buffalo, Springfield and Scranton.

The greatest damage by the lower temperatures is feared by vegetable growers in the appearance of the cut worms, which are already in evidence. While the damage is not yet appreciable, a continuance of the lower temperatures would be disastrous to the growers.

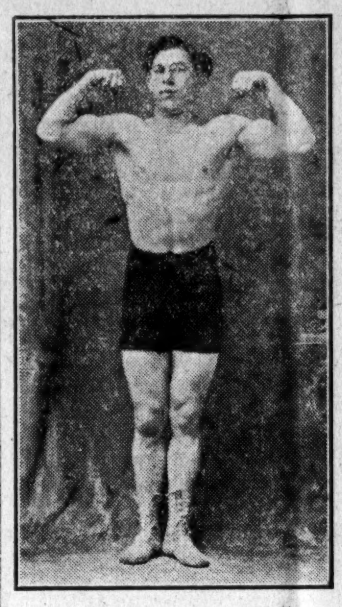
Local Sports

Ed Schultz, middleweight champion wrestler of Virginia, who is to meet Tommie Ryan for the championship of the two States at The Casino, Wrightsville Beach, tomorrow night, will arrive in the city tomorrow morning and writes Ryan that he is in good shape for the match. He is short, stockily built and will give the Scotch lad a run for his money, if press notices are to be believed.



EDWARD SCHULTZ.

In addition to the main bout there will be a preliminary bout between Young Gilbert and James Berg, champion of the Revenue Cutter Seminole. Then as a grand finale there will be a five-round sparring match between Douglass Yarborough and Ed Williamson, well known colored pugilists. There will be special cars running direct to the Casino at 8:30 o'clock and the fare for the round trip including admission will be only $1.

QUIET IN POLITICS.

Local Campaign Not Warming Up as of Yore—Commissioners.

The quiet that prevails in local politics with the primary only a little more than two weeks distant, is the subject of remark on the streets. No little knots of people stand on the street corners down town and discuss the situation as of yore and apparently the candidates are doing very little work. The approach of the primary and the absence of the usual hurrah on the streets is construed to mean that the local politicians are doing some night gum-shoeing in the wards, even if it does not show on the surface. As stated elsewhere in today's paper only today and tomorrow remain for the payment of poll tax for last year, which is a requisite not only to voting in the primary but also in the prohibition election in May and the general election next Fall. Forty or fifty poll taxes have been paid at the sheriff's office within the past few days but there are yet something over 200 white voters in the county who have not qualified themselves to vote in this respect.

An announcement of interest yesterday was that Mr. Jas. P. Montgomery, of Harnett township, would run for member of the Board of County Commissioners to succeed Mr. W. F. Alexander, who declined several days ago to stand for renomination. A strong endorsement of the present Board and Mr. Montgomery appears in another column of today's paper.

ANOTHER LARGE AUDIENCE

"Powhatan" Scored Second Triumphant Success—Matinee Friday.

Another audience, which was the capacity of the theatre, greeted the splendid production of the Indian opera Powhatan at the Academy of Music last night and again the audience was charmed with the music and the magnificent artistic success of the offering. By special request the opera will be given a third time at matinee tomorrow afternoon, especially for the benefit of ladies and children. This matinee will afford those who have not heard the production an opportunity of doing so at popular prices—25 and 50 cents. It merits a very large patronage from those who have not been fortunate enough to see the night productions. For Friday's matinee tickets will be given to the ministers of the several congregations to be distributed among the poor children of the churches.

It should be especially mentioned in connection with the production last night and the evening before that Mr. Dick Voigt in the role of Captain Rolf, showed himself to be an artist in comic opera. His voice is clear and sweet and his acting superb. Mr. Voigt was secured through the courtesy of the management of the Crystal Palace.

In giving the cast of characters from the programme in yesterday morning's paper, through an inadvertence, the name of little Miss Grace Brown, did not appear as one of the papooses. The names of Miss Annie Hill Holmes, in the Indian chorus, and Miss Juliet Allbright in the feather dance, were also inadvertently omitted.

The resolutions, as adopted, endorse the national Republican adminsitration, but are entirely non-committal as to candidates for the presidential nomination. The administration wing of the party headed by J. O. Thompson, of Birmingham, will hold its convention in Birmingham next Wednesday.

THE INLAND WATERWAY

Congressman Small Introduces a Resolution to Extend the Survey From Beaufort to Key West as Continuation.

(By Wire to the Morning Star.)

Washington, April 29.—Another step in the Atlantic deeper waterways project was taken today when, as the result of a conference with the congressional sub-committee that has been looking after the matter, Congressman Small, of North Carolina, introduced in the House a concurrent resolution carrying the Boston to Beaufort proposition south from Beaufort to Key West. Mr. Small's resolution is the result of an understanding in behalf of the Atlantic Deeper Waterways Association, and is in harmony with the original Boston to Beaufort bill introduced by Representative J. Hampton Moore, president of that association.

The Small resolution authorizes the Secretary of War to cause a survey to be made for a continuous waterway, by the route or routes deemed most available, from Beaufort, N. C., to the Cape Fear River, or the Northeast branch of the Cape Fear river, and at such points on either river as may be deemed advisable; thence to Winyah Bay, S. C.; thence to Saint John's river, Fla., at or near Jacksonville, thence by some route or routes to Key West, Fla., if it shall be deemed advisable to extend the said waterway south of the Saint John's river, with a report of plans and specifications and estimate of cost; such survey to be for a minimum depth along the entire route of North Carolina, ten and twelve feet respectively, with a recommendation as to the most appropriate depth; such survey shall include a report upon the desirability of utilizing as a part of such waterway any existing public or private canal, or any part thereof and the probable cost of acquiring same. The bill carries an appropriation of $100,000 to make its provisions effective.

Since the passage by the Senate of the Moore bill as reintroduced by Senator Simmons, of North Carolina, public interest in the Atlantic waterways project has been heightened and those in a position to know are inclined to believe that if the House refuses to make an appropriation for the survey this session the chances of having it included in the next rivers and harbors bill will be materially advanced.

MR. McINTYRE LEAVES ONSLOW.

New York Broker Said to be Returning to His Home North.

In view of the sensational reports emanating from New York during the past several days with reference to the whereabouts and condition of Thos. A. McIntyre, senior member of the firm of T. A. McIntyre & Sons, brokers, who recently failed, the following from yesterday's Newbern Journal will be read with interest:

"Mr. T. A. McIntyre, the New York broker, who last week failed for $1,000,000, passed through Newbern last night on his way from his "Glenoe" farm in Onslow county, to New York, where he will attend to some business matters and consult with his attorneys concerning his losses. It is said that he will, as soon as possible return to his farm which beyond a doubt is among the best in this section, and will live on it permanently. His health is broken down, and he is a nervous wreck, but the physician thinks that he will recuperate on his farm. Mr. McIntyre has been one of the leading financial leaders of the State and a promoter of many enterprises to which he was the silent donor. He was accompanied by a nurse."

MISSISSIPPI REPUBLICANS

Two State Conventions Held—For and Against the Roosevelt Faction.

(By Wire to the Morning Star.)

Jackson, Miss., April 29.—The Republican State convention, held here today, proved rather tumultuous, a lively fisticuff preceding the opening of the session when a number of those who favored the selection of Senator Foraker for the Presidential nomination attempted to force their way into the convention which was controlled by the supporters of President Roosevelt and the policies of the present national administration. Quiet was restored when a special officer, stationed at the door of the convention hall, drew his pistol and threatened to shoot any one who attempted to force an entrance.

The outcome was the holding of two conventions, one faction endorsing the national administration and selecting delegates known to be favorable to the policies of President Roosevelt, the other wing electing delegates, adopting resolutions denouncing the present national administration and instructing their delegates to vote for Senator Foraker for the presidential nomination.

CONNECTICUT DEMOCRATS.

Harmonious State Convention—Uninstructed Delegates to Denver.

(By Wire to the Morning Star.)

New Haven, Conn., April 29.—The Democratic convention at a most harmonious session tonight chose its delegation to the National convention and the representation will go to Denver without being bound by instruction in favor of any presidential candidate.

The only delay in the business of the convention was caused by the committee on resolutions before which a resolution was presented on the matter of instructing the delegates for Bryan. The resolution was voted down.

The county and congressional district delegates were accepted as fast as they were reported from the floor and then John J. Wash, of Norwalk, a former State committee chairman, and Alexander Troup, of New Haven, one of Mr. Bryan's most intimate friends, were unanimously chosen the two delegates at large.

WARM WIRELETS.

President Roosevelt was yesterday presented with the first medal struck off commemorating the Jamestown Exposition. A committee representing the exposition company made the presentation.

Governor Hoke Smith issues an appeal to the people of Georgia for immediate aid for the sufferers in last week's destructive storm at Chipley, Griffin, Stinson, Harris and Cave City, Georgia. In his appeal the Governor says reports received by him indicate a far greater degree of suffering than was at first supposed.

T. M. Angle, president of the Dry Fork Distilling Company, was found guilty in the Federal court in Danville, Va., Tuesday of having committed extensive revenue frauds on the government. The jury was out about an hour. Immediately after the verdict was returned Judge McDowell sentenced Angle to four years in the penitentiary and imposed a fine of $15,000.

Although 5,000 men searched in the mountains around Bluefield, W. Va., all Tuesday night for the robbers who held up and robbed the United States Coal & Coke Company's pay roll wagon the morning before at Gary, no clue to the whereabouts of the highwaymen has been discovered. A tin box in which the money was carried has been found empty where it was thrown away.

The Republican State convention of West Virginia yesterday selected delegates at large to the National convention at Chicago, nominated three candidates for judges of the supreme court, and adopted resolutions endorsing Taft. Resolutions also were adopted endorsing the administration of President Roosevelt, the West Virginia delegation in both Houses of Congress, and the State administration of Governor William M. O. Dawson.

Thomas McCreary, the New York turf man who was recently accidentally shot by Representative J. Thomas Heflin, of Alabama, has so far recovered that he will leave the hospital next Friday. A conference has been held between Mr. Heflin, Mr. McCreary and the latter's attorney, and Mr. Heflin has voluntarily offered to recompense McCreary for all expenses and losses incident to his disability. The negro Lundy has brought suit for $40,000 damages against Mr. Heflin.

A joint resolution providing for the relief of the sufferers from the recent cyclone in Alabama, Georgia, Mississippi and Louisiana, was introduced in the House of Representatives at Washington yesterday, by Mr. Bowers, of Mississippi. It authorizes the Secretary of War to procure in the open market or elsewhere subsistence and quartermaster's supplies, medicines and medical aid, in addition to such supplies belonging to the military establishment and issue them to such persons as have been rendered homeless or are in needy circumstances as the result of that cyclone. The amount appropriated by the resolution is $250,000.

NEW CURRENCY BILL

To Be Introduced in the House by Mr. Vreeland—Republican Conference.

(By Wire to the Morning Star.)

Washington, April 29.—As the result of a series of conferences between Republican leaders in the House, the last of which was held today Representative Vreeland of New York late today introduced a bill to take the place of the currency bill presented by him last week. In the new bill which is declared to represent the views of a substantial majority of the Republican members and which is the measure that will be presented to the conference of the Republicans of the House to be held within a few days, nothing is left of the Aldrich currency bill except the provision for the payment of interest on government deposits in national banks. The provisions for the issuance of emergency currency on corporate bonds are entirely swept away.

The new bill provides for the formation of national clearing house associations by not less than ten national banks having an aggregate capital and surplus of not less than $5,000,000. A tax of 4per cent. on emergency circulation based on clearing house association securities is provided for the first month, this tax to be increased 1 per cent. each month uhtil it reaches 10 per cent. where it is to remain until the circulation is retired.

Another section of the bill provides for the creation of a currency commission to consist of six members of the House, six of the Senate and six to be appointed by the President. Mr. Vreeland's bill will be considered by the Banking and Currency Committee tomorrow.

ALL WRONG.

The Mistake is Made by Many Wilmington Citizens.

Don't mistake the cause of backache.
To be cured you must know the cause.
It is wrong to imagine relief is cure.
Backache is kidney ache.
You must cure the kidneys.
A Wilmington resident tells you how.

Mrs. M. W. Moore, 510 Princess St., Wilmington, N. C., says: "I cannot say too much for Doan's Kidney Pills, as I never used a remedy that gave me such good results. I suffered from dull, nagging backaches which made it almost impossible for me to obtain a comfortable position. I was also caused much annoyance by the irregular action of the kidney secretions. When I read about Doan's Kidney Pills, I purchased a box from Robert R. Bellamy's drug store and started taking them. They soon cured me and I have had no kidney trouble since. I have told several of my friends about Doan's Kidney Pills and will continue to recommend them whenever I have an opportunity."

LAUGHTER ANALYZED.

The Observations of a Man With a Sensitive Ear.

"Of course you have heard," said the man with a sensitive ear, "a laugh that jarred. I don't mean," he continued, "so much a laugh at an inopportune time—I imagine we have all heard such laughs—as a laugh the quality of which is unpleasant. There is something contagious in laughter of the right kind, even though you may be the object of it. It bubbles from the well of good humor. There is no hidden thought, or 'arriere pensee,' as the French say, behind it. It is the essence of frankness; it is spontaneous and whole souled, and it cleanses the system of the laughter and, too, of the hearer, like a spiritual bath.

"But there are other kinds of laughter. The sneering laugh is perhaps the most familiar. Then there is a quiet laugh, a sibilant, secretive sort of laugh that is quite as certain to mean mischief. Another laugh, disagreeable in its nature, is the high pitched, nervous cachinnation that comes either from embarrassment or is a mere vocal habit. The worst laugh of all, however, to my mind, is that mirthless sound provoked by the distress or embarrassment of others, and it rasps naturally most of all the object calling it forth. A person laughed at and hurt never forgets the experience."—New York Press.

A Tenor's Rebuke.

Roger, the great French tenor, a sensitive soul, was prone to take offense at any slight, whether intentional or not. On one occasion he was engaged for 1,200 francs to sing at the house of a wealthy financier. Roger sang his first song magnificently, but no one paid him the slightest attention, and the guests continued to talk their loudest. Presently the host thought the time had come for another song and sent for Roger. He could not be found and that evening was seen no more. Next day there came a note from him, accompanied by 1,500 francs. The note ran something like this:

"I have the honor to return the 1,200 francs which I received for singing at your function, and I beg leave to add 300 francs thereto for having so greatly disturbed the conversation of your guests."—Chicago Record-Herald.

From Obscurity to Renown.

An ancient well, once surrounded by walls eight feet high, in "Yeoing field," Trewsbury Mead, a valley about three miles from Cierencester, near the village of Kemble, is the source known as Thames head. In summer no sign of water or of water plants can be found near it. Its walls are now down, and thickly interlaced vines and brush hide it from view. In winter it overflows, floods the valley and contributes its little force to the greatest of island rivers. Thus from an obscure, hidden and neglected origin England's historic river swells and flows on until, upon its pellucid bosom above Folly bridge to its brackish waters below the Tower of London, it nurses everything from an infant's gentle pleasures to the sinister tragedies of the greatest city in the world.—From "In Thamesland."

AN INGLORIOUS WOUND.

The Hard Luck That Was Handed Out to the Old Veteran.

On one of the volunteer ranges in the north of England is a well known old Irish sergeant, who has charge. It may be mentioned that he went through three wars—the Crimean, the Indian mutiny and the Chinese—and during the whole of that time never received a single wound.

Old W., as he is called, occasionally acts as a marker at the targets, and his utter recklessness has become a proverb.

He has been known to walk forth from behind the mantelet without the slightest warning and touch up a bulls-eye which did not quite satisfy him or to note the exact position of a shot.

At all remonstrances he would sniff contemptuously.

"Me be shot? Me?" he would ask. "Why, I've bin through three war-r-s and was niver shot yet. Pah! Phwat's a bit o' lead flying through the air?" And he would assume an air of disgust.

It actually occurred, however, at last, and he was shot through the shoulder.

For a moment, as frequently happens with rifle shots, such is their terrible force, he did not know he was struck; then when he observed the blood streaming down his sleeve he commenced to walk down the range, right in the line of fire.

It was seen that something was wrong, and they hurried to meet him. As he did so he tottered and had to be carried.

"Shot!" he groaned, with a look of shame. "Shot and by a Saturday afternoon soldier!"—London Tit-Bits.

SPIRITS TURPENTINE

—Newbern Journal: Sheriff Lon Taylor, of Jones county, was in the city yesterday and incidentally purchased the hempen cord to be used in terminating the career of Dave Bryant, the rapist, who will be hanged in Trenton, Thursday, May 7th. Sheriff Taylor has had the painful duty to break the necks of two criminals since his induction into office, and this makes the third one. Sheriff Taylor is not a candidate for re-election.

—Charlotte Observer: His many friends and acquaintances in this city will be glad to know that Major Zebulon B. Vance, United States army, retired, has decided to make Charlotte his home, and has already prepared to go to house-keeping at an early date. Two of his nieces will come to Charlotte and make their home with him. Major Vance has been here for several months and is pleased with the old city in which his lamented and beloved father, Governor and Senator Zebulon B. Vance, lived.

—Louisburg, April 28.—Politics is not being discussed much hereabouts as yet and it is hard to say how sentiment stands in regard to the gubernatorial nomination. There is nothing like the enthusiasm of which we read in the other parts of the State. All three of the candidates have strong supporters, however, in Franklin and it is safe to say that she will give a handsome majority to the nominee at Charlotte, whoever he may be. The primaries will be held on June 13th, and the convention at Louisburg on Monday, June 15th.

—Charlotte Observer: Archdeacon E. A. Osborne will leave about May 1st for London, where on June 15th, he will attend the Pan-Anglican Church Congress. At the close of this convention of representatives from the church of England and the American Episcopal Church, he will attend the Lambeth conference as chaplain to Bishop Cheshire. This is a decennial conference of the bishops of the Anglican communion. Both are deliberative assemblies.

—Wadesboro Ansonian: Col. Ashley Horne spent yesterday here in the interest of his campaign. He has nothing to say for or against the other "boys," but is looking out for his own interest. Thus far in the race he has found much to encourage him and the fact that Craig is carrying the West so completely is not disturbing the Colonel in the least. He believes that should Kitchin, for any reason be out of the race, 95 per cent. of the latter's support would be for him.

—The Kinston Free Press announces the death of Mr. John P. Gray, one of the representative farmers of Jones county. Mr. Gray was a Confederate veteran, about 67 years of age—married, and leaves a widow and several sons and daughters. His death was very sudden, heart disease being the cause. Mr. Gray was a native of Lenoir county, and married Miss Willie Pittman, an accomplished and popular young lady of Jones county, 30 years ago, making his home on the family estate, where he became respected and loved by those who knew him.

—Clinton, April 28.—Judge Neal and Solicitor Duffy are engaged with the heaviest criminal docket Sampson county has seen in a long time. The case against the old Radical county commissioners is set for trial tomorrow, Wednesday, April 29th, and everything else has been set aside for it. Judge Neal has consented to deliver an address in the court house next Friday night, May 1st, on "Judicial Reminiscences" for the benefit of the Methodist church building fund. The church here was burned some time ago and Judge Neal is a great Methodist and the people here are delighted that he has consented to deliver this address for them. He is a cultured and witty speaker and the people here are fortunate to hear him.

—Salisbury Post: The opening of Salisbury's first term of Federal court was attended by an unusual incident yesterday when Hon. Theo. F. Kluttz, in eloquent words welcomed Judge Boyd and the court officers and tendered the court house until the construction of the government building, for which appropriation has already been made, on behalf of the county commissioners, the local bar and all the citizens of the city and county. Judge Boyd's remarks in acknowledgement of appreciation were characteristically happy and when he had concluded there was an outburst of applause from the spectators in the court room in which the lawyers present joined.

—Charlotte Observer: Washington, April 28.—Failing yesterday to see Mr. Thomas Settle, I tried again today and succeeded. "I am a delegate to the State convention from Buncombe and Mecklenburg," said Mr. Settle. "I shall be on hand Thursday." Mr. Settle has an interesting resolution up his sleeve and will offer it to the Greensboro convention Thursday. He is going to ask the Republicans to vote on State prohibition. His resolution condemns the manner in which the proposition is made to the voters of the State and he will insist on a debate and a vote so that the delegates may go on record. He will ask for a clear declaration on local self-government, which he says used to be the rallying cry of the Republicans for years when the Democrats were criticised for their system of county government. Mr. Settle has no idea of letting his party escape. He will force the issue.

Suffering and Dollars Saved.

E. S. Loper, of Marilla, N. Y., says: "I am a carpenter and have had many severe cuts healed by Bucklen's Arnica Salve. It has saved me suffering and dollars. It is by far the best healing salve I have ever found." Heals, burns, sores, ulcers, fever sores, eczema and piles. 25c at R. R. Bellamy, Druggist.

Nervous women should profit by Mrs. Barton's experience with Lydia E. Pinkham's Compound.

Mrs. Helen Barton, of 27 Pearson Street, Chicago, Ill., writes to Mrs. Pinkham:

"I was all run-down, and on the verge of nervous prostration from overwork and worry, and ill in bed, when I began taking Lydia E. Pinkham's Vegetable Compound. After I had taken it a week I commenced to get better. I continued its use, my nervous trouble disappeared, and I am completely restored to health. I hope Lydia E. Pinkham's Vegetable Compound will benefit other women as it has me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

BUG DEATH

One of the great growers of seed potatoes in Maine who has made a life study of Irish potatoes, has demonstrated beyond question that it is impossible to apply Paris Green to potato vines in any quantity without weakening the vitality of the tuber. Bug Death will not injure the plant but will stimulate its growth. It will not wash off, it is per ectly harmless to animals and people, and has a wonderful power to prevent blight, rust and those diseases so generally prevalent among melons and vegetables.

THE COTTON MARKET.

(By Wire to the Morning Star)

New York, April 29.—The cotton market was steadier today on covering and support from large trade interests with the close steady at a net advance of 13 to 19 points. Sales were estimated at 275,000 bales.

The market opened firm at an advance of 12 to 15 points in response to higher Liverpool cables than expected. There was some hesitation during the first few minutes but there seemed to be a fair demand, and with southern offerings much smaller than yesterday the market gradually improved until during the early afternoon it was about 22 to 25 points net higher. Later there was a slight reaction under realizing by early buyers, and reports from New Orleans that shorts there had covered. The forecast for frost tonight in parts of the western belt may have aided the improvement but the advance was chiefly due to the strength in Liverpool and reports that important trade interests who have been bearish, were taking the long side for a turn. Southern wires received during the day reported a better demand for spots.

Receipts at the ports today were 9,794 bales, against 9,249 last week, and 12,479 last year. For the week 60,000 bales against 59,757 last week, and 73,081 last year. Today's receipts at New Orleans 3,478 bales against 1,937 last year and at Houston 1,546 bales, against 2,056 last year.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, April 92.—The dry goods market is beginning to reflect a better tone in the buying. The distribution broadening very slowly but the production is being very seriously limited. Heavy cotton goods have been quite generally reduced in value. There have been some large sales of silk piece goods from stocks in the past ten days at very low prices. Hosiery is being bought a little more freely and the tone in the underwear agencies is a little improved. Altogether there is a more confident feeling in the market although it is not yet reflected in active purchasing in any direction.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, April 29.—Operations for higher prices of stocks had to contend today with larger offerings for sales than have been met with hitherto in the various stages of the upward movement. This obstacle had its effect in unsettling the market at various periods during the day, and told on the speculative temper. On the other hand efforts to advance prices were furthered by the urgent demand from the remnant of the outstanding short interest which was an effective factor in some of the sharpest advances in individual stocks which were witnessed. The factors which governed the trading were not changed in important particulars from those of the recent past. Market operations today shifted rather to Southern Pacific in contrast to the realizing going on in Union Pacific. Time money rates were equitably firmer today and foreign exchange rates receded in connection with the further engagements of gold for export. The unsettlement of the market grew perceptibly as the day progressed.

Bonds were irregular. Total sales, par value, $4468,000. United States bonds were unchanged on call. Total sales today were 1,078,800 shares.

WOOD PULP ON FREE LIST

Opportunity Offered House Republicans to Place it There if They Will.

THE DEMOCRATS' PETITION

To the Speaker to Allow the Stevens Bill to be Heard—Mr. John Sharp Williams' Humorous Speech Urging Signing of Bill

(By Wire to the Morning Star.)

Washington, April 29.—John Sharp Williams today gave the Republican majority in the House an opportunity to either permit or refuse to permit a vote on the Stevens bill to place wood pulp on the free list. In the course of a cleverly humorous and satirical speech he unrolled and held up to view the following petition to Speaker Cannon, bearing the signatures of 164 of the 166 Democratic members:

"We, the undersigned Representatives in Congress, request, each for himself and each for each of the others, that you recognize one of us, or, if you prefer, some other Representative, to move to discharge the Committee on Ways and Means from further consideration of, and to suspend the rules and pass the Stevens bill, or any other bill having the effect to put wood pulp and print paper on the free list."

Mr. Williams said that the two Democratic members whose names were not appended to the petition were out of town, but efforts were being made to reach them by wire; when their signatures were added, only thirty Republicans' names would be required to swell the strength of the petition to the proportions of a majority request, which Mr. Williams said with good natured sarcasm he felt sure the Speaker would heed.

After saying that only thirty Republicans were necessary to make up the required number to pass the bill, Mr. Williams declared that it should be easy to get them because almost thirty Republicans had introduced free paper bills and, he said, "I know that everyone of you who introduced a bill meant what you said." Quoting the lines from the old hymn:

"While the lamp holds out to burn,
The vilest sinner may return."

Mr. Williams proceeded:

"If you have been in any manner bulldozed, why think for a second; think of what a short life we live here and how necessary it is that we should be doing things while we are living, during this brief day of our time. I express a hope that at least thirty of you may sign a petition. If you do not like that petition because my name is on it and the names of Champ Clark and DeArmond and Underwood and John Wesley Gaines, and all these vile publicans and sinners on this side, get up one of your own. We can add the two together. If thirty of you sign, the speaker cannot refuse, because you, together with us, will then constitute a majority of the House of Representatives. Early in the session, when the rules were being adopted, the Speaker was asked if a majority of the House made a request to the speaker whether that request would be heeded and his reply, as I remember it, was "a majority of the House of Representatives will always be heeded by the speaker.'

"So if you put thirty names there to our 166 and constitute 196, a majority of the House of Representatives, I know that the eminently good natured man who presides over this House, who is so tolerant of opposition, so patient whenever there is a stumbling block athwart his pathway, will bow in his most elegant manner, with the gesticulation that is peculiar to him and say, 'Gentlemen, a majority of the representatives of the American people have a right to have their way and I will recognize somebody."

A table had been placed on the floor in front of the stenographer's bench, and on it the petition was spread, with flankings of ink bottles and pen, while the minority leader, simulating the voice and the manner of a revivalist, exhorted the Republicans to rise and go forward and sign up, pleading for "thirty."

"Are there not thirty who will come forth?" he concluded amid handclapping and laughter.

DEATH OF DR. MORGAN DIX.

This Noted Prelate Died Last Night at an Advanced Age.

(By Wire to the Morning Star.)

New York, April 29.—Rev. Dr. Morgan Dix, rector of Trinity Protestant Episcopal parish since 1862, and one of the city's most prominent clergymen, died tonight at Trinity rectory in West Twenty-fifth street. Death was due to heart failure and followed a brief illness which took a serious turn three days ago.

Dr. Dix was 81 years of age and was born in this city. Dr. Dix was a son of General John A. Dix, author of the famous dispatch, "If anyone attempts to haul down the American flag, shoot him on the spot."

The elder Dix was at the time Secretary of the Treasury, and on January 29, 1861, directed the message quoted to Lieutenant Caldwell at New Orleans. Caldwell had been instructed to supersede the captain of a United States revenue cutter who refused to bring the vessel, as ordered, to New York.

THE PRINT PAPER TRUST

Mr. Norris Still Before House Special Committee—He Makes Some Statements Which Interest Members of Committee

(By Wire to the Morning Star)

Washington, April 29.—More evidence tending to show that there is a combination of paper manufacturers to fix the price of news print paper in the United States was adduced today before the special committee of the House which is investigating the subject of the duty on wood pulp and print paper as affecting the price in the United States.

Mr. John Norris continuing his testimony on behalf of the publishers presented numerous letters and documents giving indication of the existence of a paper trust.

Apparently the committee was particularly impressed with the annual statement of the International Paper Company for the fiscal year ended June 30, 1907, showing that the increased cost of manufacture of the International company was substantially $300,000 on an output substantially of 500,0000 tons of product, making an increased cost of manufacture of approximitely 60 cents a ton of output, not justifying he said, "any increase of $12 a ton in price." He contended that the burden of proof was on the International Company to show that the increased cost of manufacture as disclosed by the figures must be explained away to justify the incleased price which the company set up.

Chairman Mann, appreciating the importance of this testimony, announced that he would go to the bottom to ascertain the cause of so large an increase in the price of paper.

During the day Mr. Norris formulated a number of questions which he wished the committee to propound at once to the International Paper Company and others and also submitted the names of a dozen persons identified with the paper business whom he desired subpoenaed The committee took the several subjects under consideration.

By way of fixing the date when the paper companies refused to make quotations, Mr. Norris placed in evidence a number of letters from paper manufactures in response to requests for prices, most of them dated June 1907.

Mr. Norris read a letter from G. H. Larke, at one time engaged in the Marseilles, Ill.,) Independent Paper Mill, but now publisher of the St. Joseph (Mo.) Gazette. In 1900 or 1901 Mr. Larke said he had made an exhaustive investigation of the northwestern pulp wood supply and in a lesser degree into freight rates and general trade conditions. During that period he traveled hundreds of miles through the woods of Minnesota, Wisconsin and Michigan. There was plenty of wood left, he said, and the conclusion inevitably to be reached was that the mills should go nearer the wood.

Mr. Lake said he could not see why consumers should be forced to pay tribute to the new mills and for the cost of the mistakes of the mills in old territory.

A large number of letters to the Publishers' Association were read by Mr. Norris. They were all dated in the summer of 1907. Mr. Norris said his object was to fix the dates on which quotations were made by the paper companies after they announced they were entirely sold out.

Mr. Norris read extracts from the Paper Trade Journal of Jan. 23, 1908, which he said purported to give reports of meetings of various paper groups to show that there had been no change in prices. He offered in evidence figures as to the amount of capitalization and character of the several paper plants.

THE VERMONT REPUBLICANS.

Send An Uninstructed Delegation to the Chicago Convention.

(By Wire to the Morning Star)

Burlington, Vt., April 29.—The Vermont delegation to the Republican National convention was selected by the State convention today and the representatives of the Green Mountain State at Chicago will not be bound by instructions in favor of any presidential candidate.

The platform, which was adopted unanimously endorses the administration of President Roosevelt and Republican National policies, urges congressional action toward a more elastic currency and declares for a revision of some of the tariff schedules, "keeping ever in mind the principles of protection."

An effort was made to add a plank favoring "the continuance of President Roosevelt's policies, either under his guidance or under that of those in his full sympathy," but the resolution was tabled.

FOR THE STORM SUFFERERS.

Appeals for Food and Clothing Still Coming In From Territory.

(By Wire to the Morning Star.)

New Orleans, April 29.—Appeals for food and clothing continued to arrive today from portions of the tornado districts, but most of the relief work is now directed to supplying habitations and sufficient utensils to enable destitute families to resume house-keeping. Mayor Behrman, of New Orleans, today estimated that about 20 days will be necessary before the relief committee here and elsewhere can say that all the storm sufferers have been supplied with the necessities of life.

Extreme privations were reported only from a few negro communities today. It was announced that $10,000 of the State funds of Louisiana will be applied, if necessary, to relief measures in this State.

MR. DAVIS OF ARKANSAS

Again Creates a Sensation in The Senate By His Violent Language.

AN ATTACK ON HITCHCOCK

In Regard to Division of Tribal Indian Lands—Efforts in House to Get Up Bill Removing Duty on Print Paper.

(By Wire to the Morning Star.)

Washington, April 29.—Senator Davis, of Arkansas, created a mild sensation in the Senate today when in discussing his resolution calling on the Secretary of the Interior for information about the tribal rolls of the Choctaw and Chicasaw Indians of Oklahoma, he declared that 10,000 names were being kept off the rolls by the secretary and instanced a case in which he said nine members of a family were rated as negroes and only one as an Indian. Advancing toward Mr. Foraker, of Ohio, his voice thundered throughout the chamber and adjacent halls as he asked if the Ohio Senator "loved niggers" so well why he did not come forward and defend these members of that race. Only laughter greeted this and Mr. Foraker requested in a mild tone that the Senator speak louder. Later Mr. Davis' resolution was passed.

All the pension bills on the calendar and many other measures of minor importance were passed during the day.

Senator Warner, of Missouri, being ill with a cold, an agreement was reached to permit other Senators to read for him the remainder of his Brownsville speech. At 4:20 P. M. the Senate adjourned.

House of Representatives.

The sundry civil appropriation bill was under consideration in the House of Representatives today, and a greater part of the time was consumed in general debate and discussion under the five minute rule, which will be resumed tomorrow.

Mr. Fowler, of New Jersey, denounced the Aldrich currency bill and pleaded for the passage of his bill to create a currency commission.

Mr. Williams, of Mississippi, presented a petition signed by 164 of the 166 Democrats composing the minority asking the speaker to recognize some member of the House to move the discharge of the ways and means committee from further consideration of the Stephens bill for the removal of the duty on wood pulp and print paper and to pass that bill or a similar one.

Mr. Dalzell, of Pennsylvania, offered an amendment to the Sundry Civil bill, appropriating $60,000 for the establishment of a National art gallery in the Smithsonian Institution. The amendment was rejected on a point of order.

The House disagreed to the Senate amendments to the naval appropriation bill and the bill was sent to conference.

At 5:11 o'clock P. M. the House took a recess until 11:30 tomorrow morning.

THE FREEDMEN'S BANK.

Prospect of the Government Aiding Those Who Suffered by Failure.

(By Wire to the Morning Star)

Washington, April 29.—Former slaves or their heirs are to be benefitted to the extent of a million dollars if a bill favorably reported today by the House Committee on Banking and Currency becomes a law. The measure which has been in Congress for many years, has passed the Senate. It is based upon the claims of former slaves who lost money deposited in the Freedmen's Bank which was established in this city for the benefit of negroes soon after the close of the Civil War. The bank failed after a brief existence and for more than 35 years the negro depositors or their heirs have been trying to induce the government to reimburse them.

A STEAMER AGROUND

She Pulls Off Without Assistance and Proceeds on Her Course.

(By Wire to the Morning Star)

Block Island, R. I., April 29.—The steamer Ravenscraig, bound from Newport News for Providence, coal-laden, struck on Sanday Point at 3:30 o'clock A. M., today and three hours later pulled off without assistance. A heavy fog obscured the signals set by the Sandy Point Life saving crew so that the Ravenscraig lost her bearings and when she ran ashore it was within hailing distance of the crew quarters. The vessel proceeded to her destination but it was not known whether any injury had been sustained by the grounding.

William Campbell, 38 years old and a member of Bristol, Va., police force, was shot and fatally injured by Raymond Stoop, a fugitive, three miles north of the city last night. Campbell was arresting Stoop who is wanted for complicity in a shooting affray, several days ago.

The Jumping Off Place.

"Consumption had me in its grasp; and I had almost reached the jumping off place when I was advised to try Dr. King's New Discovery; and I want to say right now, it saved my life. Improvement began with the first bottle, and after taking one dozen bottles I was a well and happy man again," says George Moore, of Grimesland, N. C. As a remedy for coughs and colds and healer of weak, sore lungs and for preventing pneumonia New Discovery is supreme. 50c and $1.00 at R. R. Bellamy, druggist. Trial bottle free.
